

Dynasty 6 Cocker Spaniels Health Guarantee

All of our puppies are guaranteed to be in good health and free from visible signs of infection or contagious communicable diseases when purchased. In addition, they are guaranteed to be free of any life-threatening congenital defects, for one year from their date of birth.

To validate this guarantee, the purchaser must take the puppy to be examined within 48 hours of delivery, by a licensed veterinarian. If there is a problem the breeder's veterinarian will interpret the report and if he agrees, a replacement puppy will be given of the same sex and breed as the original purchase. NO CASH REFUNDS.

Breeder must be notified at once at the onset of the problem, in writing, with a report from the veterinarian. If the puppy is proved to have a congenital defect within one year and is returned to the breeder, all return shipping charges are the responsibility of the purchaser.

All veterinarian and shipping charges incurred by the purchaser are the sole responsibility of the purchaser and will, under no circumstances, be paid by the breeder. No replacement puppy will be given if the puppy has been bred, spayed, neutered, or euthanized without the breeder's permission. Replacement puppy will be mutually agreed upon by both parties and be of comparable bloodlines. It is understood that the replacement puppy may not be from the same exact parents of the original puppy.

There are certain disorders that may be caused by environmental factors, for example: allergies, thyroid dysfunction, demodectic mange, and other autoimmune disorders that are not covered by this guarantee.

Please do not take the puppy into public places unless absolutely necessary, until the puppy has had all its vaccinations (as recommended by your veterinarian) to ensure immunity against disease.

Take great care to protect your puppy from getting lost, stolen, or from anger or abuse. There is no guarantee against negligence.
